General Description

HD64F2218UTF24V is a microcontroller unit (MCU) manufactured by Renesas Electronics. Here are some of its features:

Features

It is a 16-bit MCU with a 24MHz clock speed.

It has 128KB of flash memory and 8KB of RAM.

It has a variety of built-in peripherals, including timers, serial communication interfaces, an A/D converter, and more.

It has low power consumption capabilities, making it suitable for battery-powered applications.

It supports external interrupts and has a built-in watchdog timer for improved reliability.
